

## SHERMAN FUNERAL ARRANGEMENT MADE

Will Be Held in Utica First  
Presbyterian Church Sat-  
urday at Two O'clock

WILL LIE IN STATE TODAY

Body Will Be Taken to County  
Building This Afternoon Es-  
corted by Guard of Honor.

CHURCH WILL SEAT 3,000

UTICA, N. Y., OCT. 31.—Arrangements for the funeral of Vice-president James S. Sherman practically were completed today. The services will be held on Saturday at 2 o'clock in the First Presbyterian church and will be attended by President Taft and members of his cabinet, senators and representatives, foreign diplomats and government officials.

It was at first announced that the services would be held in Christ church, of which Mr. Sherman was a member, but as this edifice seats only 700 persons, it was realized it would be too small and the plans were changed when Rev. Ralph W. Brokaw offered the use of the Presbyterian church, which has a seating capacity of more than 3,000. Rev. Louis H. Holden, Mr. Sherman's pastor, will conduct the funeral service, assisted by Rev. M. W. Stryker, president of Hamilton college, and Rev. Dr. Brokaw. An hour before the church services there will be a private service for the members of the family at the Sherman residence.

Will Lie in State Today.

The body of the vice-president will lie in state from 3 p. m. to 9 p. m. tomorrow in the rotunda of the county building. With an escort of citizens, representatives of the chamber of commerce and other organizations with which Mr. Sherman was identified, the body will be taken from the Sherman home tomorrow afternoon and conveyed to the county building, where it will rest upon a catafalque. The local military companies will furnish a guard of honor while the body is lying in state. At 9 o'clock a cortege will form and the body will be returned to the Sherman home. The county building has been draped in emblems of mourning and flags, as have many of the business houses of the city. Business practically will be suspended during the funeral services. An offer of troops from Fort Ontario was received today, but it is believed the family will decline it as they are known to be adverse to display and wish the ceremonies to be as simple as possible.

Admission to Church by Ticket.

Seats in the church will be set apart for the Sherman family, President Taft and other dignitaries who are expected to attend.

Admission to the church will be by ticket, as the auditorium will be inadequate.

At the close of the services the body will be taken to Forest Hill cemetery, where it will be placed in the Babcock Mausoleum, where Mrs. Sherman's mother rests. Mr. Sherman's body, which will be put in a plain casket tomorrow, is said to show but a few traces of the long illness through which the vice-president passed. Flowers in profusion are in the room where the body lies and there has been an almost uninterrupted procession of messengers to the house during the day, bearing messages of sympathy from every quarter of the country and from abroad.

Before he died Mr. Sherman had entrusted to his wife a list of those whom he wished to act as honorary pall bearers at his funeral. Who they are has not yet been announced. The active bearers will be selected from the employees of the Utica Trust and Deposit company, of which Mr. Sherman was president.

The honorary pall bearers were announced tonight as follows:

United States Senator Elihu Root, Thomas R. Proctor, Charles S. Symonds, William S. Doolittle, J. Francis Fay, George E. Denham, Charles B. Rogers, William T. Baker, Henry H. Cooper, Dr. Fayette H. Peck.

Except Senator Root, whose home is in the neighboring village of Clinton, they are Uticans.

Will Leave This Afternoon.

Washington, Oct. 31.—President Taft arranged tonight to leave tomorrow afternoon for Utica to attend the funeral of Vice President Sherman on Saturday. He will be accompanied by his military aide, Major Rhodes. Whether Secretary of War Simon or Secretary of the Interior Fisher, the only two cabinet officers now in Washington, will attend the funeral, had not been determined tonight.

If the secretaries go it will probably be with the president in his private car. According to the present plans the president will not return to Washington until after the election. He expects to go to New York from Utica after the vice president's funeral and on Sunday night depart for Cincinnati to vote Tuesday.

## CAPTURE COUPLE WANTED IN CHICAGO

CHARLES CONWAY AND WIFE  
ARE ARRESTED IN LIMA, OHIO

Woman Tells in Detail Their Actions  
on the Night of the Murder and  
Their Movements Afterward—Impli-  
cates One Claude Stillman.

LIMA, OHIO, OCT. 31.—Mr. and Mrs. Charles Conway were arrested here today in connection with the murder of Sophia C. Singer in a Chicago rooming house on Monday night. They will be taken to Chicago tomorrow without the formality of requisition.

Conway had little to say but his wife was communicative.

Mrs. Conway recited in detail tonight their actions on the night of the murder and their movements thereafter. She declared that Miss Singer had told her she was tired of her fiancée, William Randolph Worthen, and was to meet a man whom Mrs. Conway believed to be Claude Stillman.

She said that Miss Singer exhibited to her husband an iron door knob wrapped up in a handkerchief and wanted Conway to hit him with it so that she could "get his roll." This, Mrs. Conway said, her husband declined to do, and they left Chicago that night and did not hear of the murder until later.

"The last Mr. Conway and I saw of Sophia Singer was at 10:30 o'clock on Monday night," Mrs. Conway said. "We were preparing to leave Chicago. She had given us \$25 and two suits of clothes for my husband. Worthen had left early in the evening. Miss Singer, who was living with him as his wife, came in the house about eight o'clock and threw a card in my lap. It bore the name 'Claude,' with the first name 'Claude,' although I am not sure of that, and on it was penciled 'Congress.' I don't know whether that meant the Congress hotel or cafe or what."

"Oh," she said, "I met the sweetest fellow. He is rather elderly and has lots of diamonds. I am to meet him after 10:30 and we are going to a restaurant."

"Miss Singer asked Conway to go out with her when she went to meet Stillman. She showed him an iron door knob covered with one of Worthen's handkerchiefs."

"I'll get him up an alley or some place," she said, "and you rap him with this. We'll get his roll." My husband refused. She wanted me to go out with her but Conway wouldn't let me and I didn't want to go anyway. I think she wanted me to come up to them with some sympathy 'gag' and work him for some money. She was angered at us because we would not go."

"The door knob she showed Conway was one she had brought from the house at number 2947 Indiana avenue. We had moved on Monday from there to number 3229 Indiana avenue. We remember having seen her take the door knob from a door at the first place several weeks before and put a shoe string through it. I saw her forgotten all about it until I saw her have it again Monday."

"We left Sophia about 11 o'clock. She was sitting on our bed talking and changing from a pair of black shoes to brown high tops. We had quarreled a little, but she was of changeable moods and I kissed her goodbye. We went out the back way and down an alley. We did this because it frequently happened that we did so. Besides there was but one key which Sophia had given to Worthen."

"We took a street car to the interurban station and left for Hammond, Ind. I think we got there about 1 o'clock. We stayed all night in a hotel and then went to Rochester, Ind. The first I knew about the murder was Tuesday evening while we were at Rochester waiting for a train."

Mrs. Conway explained that the \$25 had been given to her husband by Sophia Singer because they were out of funds and Miss Singer was anxious to be rid of the actor and his wife. She traced the movements of her husband and herself up until the hour of their arrest here this morning.

Worthen's Story Verified.

Chicago, Oct. 31.—When W. R. Worthen was told about Mrs. Conway's story at Lima in which a new name was brought into the case, he said he knew of no such person. He doubted the story. Worthen said he was glad the Conways had been found and he hoped they would tell the truth about the murder of his fiancée.

The police said the story first told by Worthen had been verified in every respect and that they were satisfied his attitude throughout had been one of good faith.

Stillman Makes Statement.

Late today a man called at police headquarters and giving his name as Claude L. Stillman and his occupation as traveling salesman, said he was the person referred to by Mrs. Conway in her story. Stillman said he was married; had known the murdered woman under another name than Singer; had never visited the house where she was killed, and could account for his whereabouts on Monday night.

## STRENGTHEN CASE FOR MRS. LANDLOFF

DEFENSE SPRINGS SURPRISE BY RE-  
CALLING FORMER STATE WITNESS

Miss Sadie Ray, Who Was Expected  
To Be a Star Witness for Prosecution,  
Testifies in Favor of De-  
fense.

CHICAGO, Oct. 31.—The defense in the trial of Mrs. Louise Lindloff, crystal gazer and trance medium, charged with the poisoning of her son Arthur, surprised the prosecution today by calling as a leading witness Miss Sadie Ray, who had been expected to be a star witness for the state. Miss Ray's testimony was not effective for the prosecution and today she was recalled to the stand by Mrs. Lindloff's attorneys.

Miss Ray, formerly housekeeper for Mrs. Lindloff, was not allowed to answer when she was asked if she thought the accused woman had poisoned her son, but she testified that Mrs. Lindloff always had treated the boy in an affectionate manner.

She said that Arthur was suffering from a chronic skin disease, for which he took medicine containing the mineral poison with which Mrs. Lindloff home, corroborated Miss Henry Kuby, a boarder at the Lindloff home, corroborated Mrs. Ray's testimony. Before the defense opened Judge Windes overruled motions by the defense to strike out testimony in connection with the deaths of Julius and Freda Graunke and John Otto Lindloff, Dr. A. L. Nakhin, coroner of Milwaukee county, Wis., testified concerning the examination of the bodies of John Lindloff, Julius Graunke and Charles Lipschew. The verdict of the coroner's jury in the cases of Lindloff and Graunke was read into the defense, to the effect that the cause of death could not be determined because of the presence of mineral poison in the embalming fluid. Prof. R. E. W. Sommers, of Marquette University, called as an expert for the defense, testified that mineral poison was an ingredient of the embalming fluid.

Attorney Guerin indicated that the defense would be that all the dead members of the Lindloff family had taken medicine containing mineral poison for a chronic skin disease, from which all suffered, and that the embalming fluid used on the bodies also contained the poison.

Testimony Is Corroborated.

Henry Kuby, a boarder at the Lindloff home, corroborated Mrs. Ray's testimony. Before the defense opened Judge Windes overruled motions by the defense to strike out testimony in connection with the deaths of Julius and Freda Graunke and John Otto Lindloff, Dr. A. L. Nakhin, coroner of Milwaukee county, Wis., testified concerning the examination of the bodies of John Lindloff, Julius Graunke and Charles Lipschew. ## MRS. EDDY'S PERSONAL PROPERTY GOES TO CHRISTIAN SCIENCE CHURCH

Supreme Court of New Hampshire  
Sustains the Will of Mrs. Mary  
Baker Eddy—Church Is Richer by  
\$2,000,000.

Boston, Oct. 31.—Mrs. Mary Baker Eddy, founder of the Christian Science church, had in Massachusetts at the time of her death \$2,343,735 in personal property and real estate valued at \$155,000, according to the report of Thomas W. Street, Fredrick B. Jennings and John W. Worthington, who were appointed by the probate court to appraise the estate. They were instructed to make return to J. E. Fernald of Concord, N. H., administrator of the will of Mrs. Eddy, allowed by the courts of New Hampshire.

All the personal property goes to the Christian Science church under the direction of the supreme court of New Hampshire, which sustained the will of Mrs. Eddy. The entire amount which the New Hampshire administrator has to turn over to the church is about \$2,000,000.

The Massachusetts supreme court, which has jurisdiction only over the \$155,000 of real estate within the commonwealth, had decided that the statute bars the Christian Science church from receiving this property as left by Mrs. Eddy's will, but that the property may be administered as a charitable trust by the trustees appointed by the court.

## DISCUSSES POLITICAL SITUATION WITH HIS CAMPAIGN LEADERS

George W. Perkins and Senator Dixon  
Dine With Colonel Roosevelt  
and Talk Over Plans for Closing  
Campaign.

Oyster Bay, Oct. 31.—With George W. Perkins and Senator Dixon, his campaign leaders, Colonel Roosevelt discussed the political situation tonight for two hours. Mr. Perkins and Senator Dixon took dinner with the colonel. In the afternoon Colonel Roosevelt took the longest walk he has had since he was shot, tramping about the grounds near his house for an hour. He said he felt no ill effects from his trip to New York last night. He is anxious to be riding his horse again, but as his wound still is open it probably will be some time before he sits in the saddle.

Colonel Roosevelt will go to New York tomorrow to attend the progressive rally in Madison Square garden for the New York state ticket. He had prepared no speech today, but probably will talk for a few minutes on state issues.

MEET NEXT YEAR AT TOPEKA.

Baltimore, Oct. 31.—Topeka, Kan., was chosen as the meeting place next year of the Woman's Foreign Missionary society of the Methodist Episcopal church at the closing session today of the forty-third annual convention here. The various branches pledged themselves to raise \$800,000 for missions in the coming year.

## SPECIAL TRAIN TO CARRY SENATORS

OFFICIAL WASHINGTON WILL  
LEAVE FOR UTICA TOMORROW

Train Bearing Senators, Members of  
the House and Justices of the Su-  
preme Court Leaves Washington Sat-  
urday Morning for Sherman's Funeral

Washington, Oct. 31.—Senator Bacon, president pro tem of the senate, announced tonight that the senators who will attend Vice-President Sherman's funeral would leave here in a body Saturday morning for Utica. Earlier in the day Senator Bacon requested Colonel Ransdell, sergeant-at-arms of the senate, to notify each senator that the entire senate had been appointed a committee of the whole to attend the funeral.

Senator Bacon added that no place of meeting in New York had been selected for the senators prior to their departure for Utica, but he thought they would meet at the Grand Central station. A number of representatives, he said, would accompany them. Arrangements had been made to attach several special cars to the train for their comfort.

Inasmuch as the supreme court has been invited on behalf of the senate to attend the funeral, all of the court's expenses incidental to the trip will be borne by the senate.

Special Train Has Been Provided.

Washington, Oct. 31.—A special train was provided for today by Sergeant-at-Arms Ransdell, of the senate, to carry senators, members of the house and justices of the supreme court of the United States to Utica, Saturday, to pay a last tribute of official Washington to Vice-President Sherman.

The train will be made up in New York and will leave there at 8:30 a. m. Saturday, for the journey to Utica. The return will be made immediately after the funeral.

The supreme court was officially invited to attend the funeral upon direction of Senator Bacon, after the court adjourned until Monday out of respect for the memory of Mr. Sherman. At a conference of the justices tomorrow action will be taken on the invitation. It is probable that not more than two justices will attend. Chief Justice White has been indisposed for a week with a cold and barely able to attend court and probably will not go.

Scores of Telegrams Received.

How Washington was affected by the death of Vice-President Sherman was shown today by the scores of calls upon Sergeant-at-Arms Ransdell for information about the funeral. The navy department made inquiry about its representation and the war department about a detail of troops. It is understood that there will be no military demonstration. Telegrams began to pour in from senators and members of the house asking for details of the arrangements or expressing regret of inability to attend the funeral.

Every officer of the army, navy and marine corps will wear a mourning badge for thirty days.

Question of a Successor.

New York, Oct. 31.—The selection of a successor to Vice-President Sherman as the Republican candidate to go before the electoral college in January was the subject of informal discussion today among members of the Republican national committee now in New York. Governor Herbert S. Hadley, of Missouri, has been advanced as the choice of several members of the committee, but no effort has been made as yet to settle upon a candidate.

The fact that Chairman Hill has delayed the meeting of the national committee until January 12 will, it is believed, prevent any general agreement upon vice-presidential candidates until the result of the election is known.

Should President Taft and the Republican electors be successful, or should the election be thrown into congress by the failure of any candidate to secure a majority, it is believed the pressure would become strong upon the national committee to name Governor Hadley, Senator Borah, Senator Cummins or some other man who has been prominently identified with the Progressive movement but who did not join the new Progressive party.

The success of either Wilson or Roosevelt at the election on Tuesday would make the naming of a Republican vice-presidential candidate the next week only a matter of formality. Republican leaders here today declare that no communication had been had with Governor Hadley or any others whose names have been proposed, as to their willingness to accept the post-election nomination if offered them.

GAYNOR GREETED WALKER.

New York, Oct. 31.—Harvey Thoren, a young reporter of the Ukiah (California) Daily Republican, was received by Mayor Gaynor today at the end of a walk across the continent in seven months and 26 days. He bore a letter from Mayor Ralph of San Francisco and Mayor Gaynor gave him one to take back in which he said:

"Mr. Thoren intends to walk back. If I had time I would go with him. It would do me good. They knock me around pretty hard now and then, and some days I feel as though a good long walk would suit me. The further away the better. But the next day I feel all right and contented again."

## FORMER ATTORNEY DECLINES TO TESTIFY

CYRUS BENTLEY, ON STAND, REFUSES  
TO ANSWER ANY QUESTIONS

Questions Are Asked Him By Coun-  
sel for Government Regarding  
Conferences Held in New York  
Prior to the Organization of In-  
ternational Harvester Co.

CHICAGO, Oct. 31.—Declaring that information which came to him in his capacity as an attorney is confidential and privileged under the ruling of the courts, Cyrus Bentley, former counsel for the McCormick Harvester company, today declined to answer questions regarding conferences held in New York prior to the organization of the International Harvester company when called as a witness in the government's dissolution suit.

Counsel for the government put a score of questions to the witness regarding the visit made by members of the McCormick family to New York to confer with financiers concerning the combination of harvester manufacturers, but Bentley declined to reveal any of the secrets of the conferences. Attorney Grossvener, who questioned the witness for the government, said his understanding of the rule was that where a third person was present with an attorney and his client the subject matter could not be considered confidential and privileged.

Gives No Information.

"I do not understand it that way, and must decline to disclose information received from a client while acting as counsel," Bentley said.

After further discussion the witness said he was not present at the meeting in New York in June, 1902, when preliminary steps were taken for the organization of the International Harvester company. He was then excused and William M. Reay, controller for the International Harvester company, produced the appraisals of the plants of the McCormick, Deering, Plano and Milwaukee companies used in determining the value of the properties when the consolidation was put into effect in 1902. They were offered in evidence.

Identifies Price Lists.

E. N. Wood, secretary of the International Harvester Company of America, the sales corporation for the alleged combination, was called to identify numerous price lists sent out to sales agents between 1903 and 1911, showing the different lines of machines.

The present hearing in Chicago, it is expected, will be continued tomorrow when Mr. Wood will close his testimony and Prof. John L. Coulter, chief statistician of the United States census bureau, and William A. Vincent, formerly an officer of the Autolman and Miller Machine company, one of the concerns said to have been absorbed by the alleged combination, will be examined.

The next hearing of the case will be held at St. Paul early in November.

## EVIDENCE BRINGS OUT NEW FEATURES IN LABOR RIOT CASE

Testimony Brings Out Fact That Girl  
Was Killed With Bullet of Foreign  
Make and Was Not Fired By an  
American Made Weapon.

Salem, Mass., Oct. 31.—Features of the trial today of Eltor, Goivanitti and Caruso, accused of the murder of Anna Lipizzo during a strike at textile at Lawrence, were:

"That the bullet which killed the girl was of foreign make and could not have been fired from an American made weapon."

"That Caruso confessed to a detective whom he thought a friend, that he had stabbed a policeman during the same riot."

"That officials of the industrial workers of the world advised violence and disregard of the law."

"With the introduction of this testimony the district attorney announced he had no more witnesses but did not close his case. Court thereupon adjourned."

## BRYAN ASSAILS BOTH TAFT AND ROOSEVELT

In Speech in Seward, Neb., He  
Makes Special Plea to "Rescue  
Government."

Seward, Neb., Oct. 31.—William J. Bryan, en route through Nebraska in the interest of the state and national Democratic tickets, in his speeches today assailed both Taft and Roosevelt.

"Shame on a man," he said, "who finds fault with Taft as a corporation man and then supports Roosevelt, whose managers are the trust magnates that Taft has been prosecuting."

At Germantown, Mr. Bryan made a special plea to "rescue the government from Wall street domination for the sake of the children."

"If Wall street can bring on a panic, unless it is allowed to control the government, why hold any election at all?" he inquired.

\$25,000 COW IS A FEATURE.

Chicago, Oct. 31.—Lord Decies won seven first and three second prizes at the National Dairy Show here today with an exhibit of 19 cows from Ireland of the Dexter-Kerry breed. The herd was entered by Howard Gould, uncle of Lady Decies. "Castle Gould Irons," the cow valued at \$25,000, was the feature of the exhibition. J. B. Haggling of Elmendorf, took three firsts and four seconds in the Dexter-Kerry class.

## TELLS OF PLOT TO "GET" TWO MEN

SAY McNAMARA HAD PLOTTED  
AGAINST BURNS AND DREW

Story Relates That Hockin Went to San  
Quentin and Talked With McNama-  
ra Concerning Men Who Had Work-  
ed Up Evidence Against Him.

INDIANAPOLIS, IND., OCT. 31.—John J. McNamara, the dynamite maker, since his imprisonment in the state penitentiary at San Quentin, Cal., has plotted to "get" William J. Burns and Walter Drew, who worked up evidence against him according to testimony at the "dynamite conspiracy" trial today.

The story related on the witness stand was that Herbert S. Hockin went to San Quentin last spring and that McNamara, while in conversation with him through the bars of a cell said: "I'd like to see them get Burns and Drew." It was further related that Hockin confessed to the indictment and charged he heard labor leaders in San Francisco repeat McNamara's wishes. As tending to sustain the story a package was produced and identified as having been taken from the checkroom of the Union station here on May 8, last. It contained 40 feet of fuse, a parcel of dynamite caps and an alarm clock. The package was wrapped in a San Francisco newspaper of April 13, 1912.

Testifies to Hockin's Story.

Edward J. Brennan, an agent of the department of justice, testified the plotting was related to him by Hockin on May 27 last in the district attorney's office here.

When United States Marshal Edward H. Schmidt produced the package referred to by Brennan, Judge Anderson questioned whether it was not dangerous to have the fuse and caps in court, but afterwards allowed them to remain.

Walter Drew, who lives in New York, recently was a witness and testified that Hockin repeatedly had warned him that "the fellows on the Pacific coast were after him." Drew as counsel for the National Electors association, was on the trail of the dynamiters before the McNamara brothers and Orrie E. McManigal were arrested, and Burns was present in Indianapolis when Samuel Gerber, a local detective, took John J. McNamara in custody.

The case accompanied McNamara when Joseph Hockin, an agent in California, took the prisoner to Los Angeles. J. A. G. Badorf, who testified that Hockin testified to having "lipped off" the identity of the Los Angeles Times dynamiters, was cross-examined this afternoon by Senator John W. Kern, counsel for the defense.

"When Hockin told you he had gotten into touch with Burns two weeks after the Los Angeles explosion, did he tell you how he did it?" Badorf was asked.

"No he didn't tell me how, I told him he was a fool for allowing Burns to get a reputation as a detective on information he was furnishing."

"Did Hockin say he was guilty of dynamiting?"

"When he thought he might plead guilty and gave me to understand he was in for it. He said he thought all they could give him was 18 months or two years."

Badorf was then asked whether Frank M. Ryan, president of the International Association of Bridge and Structural Iron Workers, was not in the habit of signing blank checks.

The defense is that Ryan signed many blank checks and did not know to what use McNamara put them. Badorf said he did not remember telling Ryan that this was a loose way of doing business.

Hockin is secretary of the union and occupies the desk formerly used by McNamara.

Not in Position to "Get" Anybody.

San Quentin, Cal., Oct. 31.—Warden Hockin, of the state penitentiary when informed of the testimony of Government Agent Edward J. Brennan in the dynamite conspiracy trial at Indianapolis today, said that he did not know Brennan and that he did not believe J. J. McNamara was in a position to plot to "get" anybody. He did not deny the possibility of a secret investigation by government agents, but doubted it.

## FUNERAL OF INDIAN FIGHTER, Brainerd, Minn., Oct. 31.—The funeral of Major Charles A. Ruffe was held here today. Major Ruffe was a veteran scout and Indian fighter. He was 74 years old.

Settlement May Be Arranged.

It is believed a peace settlement will be arranged either by the Porte suing for peace or through intervention of the powers. An interesting question involving difficult diplomatic problems will immediately arise as to the division of the spoils awarded, a question concerning not only the victorious allies, but also Russia, Austria, Roumania and possibly other powers.

The campaign of the other Balkan states continues with the success which throughout has attended them. Soutari has not yet been captured, but Ipek has fallen to the Montenegrins. The Serbians have taken Prileand and Greece is occupying islands to the Aegean, in addition to various towns in Macedonia. The powers, fearing disorders and massacres in Turkey, are hurrying warships to the various ports of that country to protect foreign residents.

A noticeable feature of the war is the significant parts played by Turkish and Greek fleets.

Meridian, Iowa, Oct. 31.—Thomas Cummings of Meridian was shot and probably fatally injured today by James China, at the latter's home near here as the result of a quarrel. The men are farmers.

## BULGARS VICTORS THROUGH SAVOFF

Four Days Battle in Thrace  
Ends in Triumph for Bul-  
garian Commander.

LOSS OF LIFE IS GREAT

Fighting on Both Sides Has Been  
Stubborn and was Carried on  
Day and Night Without Rest.

NASIMPASHA REPORTED SHOT

BULLETIN.

LONDON, Nov. 1.—Nasim Pasha, the Turkish minister of war and commander-in-chief at Thrace, has either been shot or taken prisoner, according to a dispatch from Sofia.

LONDON, Oct. 31.—A four days' battle in Thrace has ended in the triumph of the Bulgarian commander-in-chief, General Savoff, whose skillful strategy probably has brought to a close one of the shortest and most remarkable wars on record.

A great Turkish army, estimated at more than 200,000 men, has been defeated and is in retreat. Constantinople, it is believed, is at the mercy of the victorious Bulgarian army, and a council, sitting at the Porte, is discussing the advisability of suing for peace.

Such is the news which comes from Constantinople.

It is only a fortnight since war was declared. The first week of the campaign closed with the dramatic fall of Kirk-Kilisesh, fully revealing for the first time the disorganization, bad morale and inefficient commissariat of the Turkish army.

Today that army is defeated, routed within 50 miles of Constantinople, and possibly its retreat within the capital's line of defense is cut off.

Accounts of Battle Scarce.

Only the briefest and vaguest accounts of the great battle have as yet been given and the war has been especially remarkable in that no war correspondent has been allowed at the front except at the little Montenegrin crusade at Scutari.

Thus no personal narratives of the absorbing events have been possible and the world has had to depend on biased official accounts provided by the respective governments or confused details supplied by wounded soldiers.

Nasim Pasha Outgeneraled.

Apparently Nasim Pasha has been outgeneraled by Savoff's skillful work. The Bulgarian turning movement along the Black Sea now appears to have been a feint, which induced the Turkish commander to throw his main army to the eastward, to such effect that the Bulgarian force on this side had the greatest difficulty in holding the Turks in check.

In fact this point seems a little in doubt. The Bulgarians gave way and thus enabled Nasim Pasha to report to Constantinople some success in this direction. In the meantime, however, General Savoff hurled his great strength against the Turks' weakening left wing, which he crushed at Lule-Burgas.

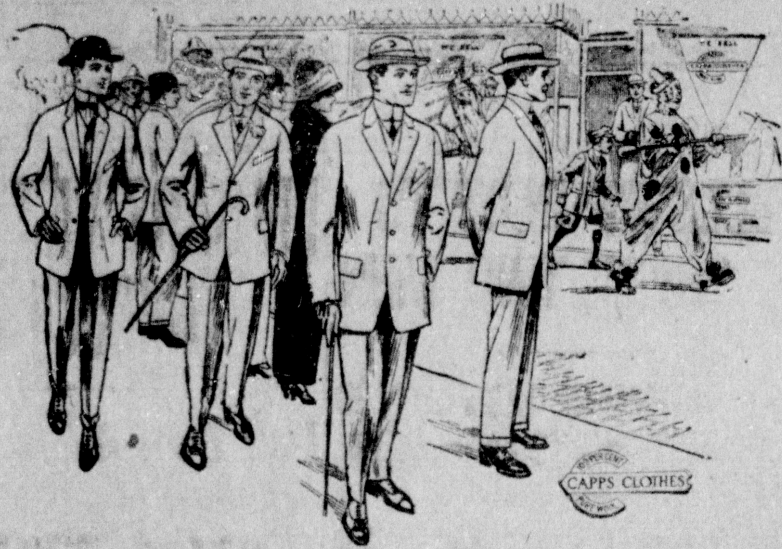

The fighting along the whole front which evidently has been of the most stubborn and determined character, was carried on day and night without intermission, and both sides lost heavily.

Fall of Toghru Expected.

The capture of Nasim Pasha's headquarters at Toghru, to which town the defeated Turks retreated, has not as yet been reported, but is hourly expected at Sofia. In this event the Turks will be forced within the defensive lines of Tebatalla, the only remaining fortified position protecting Constantinople. It is 25 miles to the northwest of the capital.

### WITH THE ATHLETES.

CHICAGO, OCT. 31.—Twenty-three members of the football team of the University of Illinois and their coaches and trainers arrived here today and passed the afternoon in secret practice at the American League ball park.

The arrangement for secret use of the field was made between Director Huff of the University and President Comiskey by wire, so that no intimation of the plan might leak out.

The team meets the University of Minnesota on Saturday.

CAMDEN, MASS., OCT. 31.—Snappy practice in which the "varsity" men were lined up against an opposing array of coaches, formed the work of the Harvard football team today in preparing for its game with Princeton Saturday. Signal drill completed the day's practice.

PRINCETON, N. J., OCT. 31.—A long signal drill and some defensive work, breaking up opposing formations of the scrub team, constituted the Princeton team's final practice today for the game with Harvard at Cambridge next Saturday. The "varsity" was on the gridiron for about an hour and a half.

The squad is scheduled to leave here tomorrow for Amherst, a suburb of Boston, where they will remain until just before the game.

MINNEAPOLIS, MINN., OCT. 31.—Minnesota's last hard practice before the Illinois game next Saturday was held today, the regulars being given a slight workout in both signal running and in scrimmage with the second team. The Illini are expected here early tomorrow, and probably will hold light practice in the afternoon at the fair grounds.

FORT WAYNE, IND., OCT. 31.—The old Central League, a twelve club organization, was dissolved at today's sessions of directors and in its place two six-club leagues were launched, a western and eastern division, to be composed as follows: Central—Fort Wayne, Grand Rapids, South Bend, Dayton, Springfield and Terre Haute.

Inter-state—Youngstown, Erie, Zanesville, Wheeling, Canton and Akron.

Both are at present only temporary organizations. The eastern owners will meet at Akron on Nov. 1 and those of the western at Milwaukee on Nov. 12, on which dates the two leagues will be organized.

Louis Heilbrunner of Fort Wayne a minor league scout and statistician was elected president of the Central League succeeding Dr. R. F. Carson of South Bend, who resigned today.

C. A. Dawson of Zanesville has been named temporary head of the Inter-state League.

ST. LOUIS, MO., OCT. 31.—The St. Louis University football team, 25 strong, left for Omaha tonight to get a day of rest before the game with the Creighton team there on Saturday.

ST. LOUIS, MO., OCT. 31.—After Coach Cayon called signals for more than two hours in the gymnasium this afternoon, he led the Washington University team in a half hour of strenuous scrimmage against the second team in a driving rain. After the workout in the mud, Cayon called for more signals indoors and had the line develop new formation. All the regulars are in good condition and will line up against the Drake team on Saturday.

DES MOINES, IA., OCT. 31.—Twenty players will make up the Drake university football squad which will leave here tomorrow for St. Louis to meet the Washington university football team.

McHenry, halfback, and Welch, end, will not take part in the game, their loss especially weakening the offense.

The hope of the team is versatility. In the twenty men taken, Coach Griffith in the case of necessity, could furnish five ends, five tackles, four guards, three centers, three quarterbacks, six halfbacks and three fullbacks.

ELMHRA, N. Y., OCT. 31.—Walter Johnson, an aviator of Bath, N. Y., today established a new American endurance record, flying with one passenger by remaining in the air 3 hours 51 minutes and 12 seconds.

John used a bi-plane and his passenger weighed 165 pounds, or 15 pounds more than the rules call for.

BUFFALO, N. Y., OCT. 31.—Geo. "One Round" Davis of Buffalo decisively defeated Jim Stewart of New York in a scheduled ten-round bout here tonight. The referee stopped the bout in the seventh round after Stewart had twice taken the count. Stewart weighed 206 and Davis 185 pounds.

Miss Edna Johnson of South West street is visiting with relatives and friends in Little Indian.

WAS ARRESTED FOR COUNTERFEITING. St. Louis, Mo., Oct. 31.—Acting on information received today, government officers tonight arrested three men and a 16-year-old girl in a house filled with counterfeiting apparatus and 280 silver dollars in stages of completion.

"Liquor is the real cause of the high cost of living.

**WILL BROOK NO DELAY IN TRIAL OF FOUR GANGSTERS**

Special Panel of 200 Talesmen to Appear on Nov. 8 Has Been Ordered—"Whitey Lewis" Will Be First to Be Tried.

New York, Oct. 31.—The state's determination not to delay the trials of the four gangsters indicted with Charles Becker for the murder of Herman Rosenthal, was indicated today when District Attorney Whitman moved before Supreme Court Justice Goff for a special panel of 200 talesmen, to be summoned to appear on November 8. The trial of the first of the "gunmen" is expected to begin November 13 or 14. Mr. Whitman and former Magistrate C. G. F. Wahle, who is counsel for the four accused men, have agreed that they shall be tried separately.

"Whitey Lewis" will be the first to face prosecution. Mr. Wahle said he would call sixteen witnesses in "Whitey's" defense. For the prosecution William Shapiro, driver of the "murder car," will be one of the leading witnesses.

The grand jury which indicted Becker and the gangsters were discharged today. Its final act was to indict another member of the "strong arm" squad of detectives under Becker's command at the time Rosenthal was slain. This new indictment is for perjury in connection with a raid by Becker's squad at a gambling house run by Rosenthal. The defendant still is on duty and Commissioner Waldo has been directed to produce him in court tomorrow.

**REPORT OF SECRET SERVICE SHOW COUNTERFEITING ON DECLINE**

\$39,000 of Spurious Notes and Coins Were Distributed During Last Fiscal Year Against Half Million in 1910.

Washington, Oct. 31.—Counterfeiting materially decreased in this country during the fiscal year 1912. John E. Wilkie, chief of the United States secret service, ascribes the improvement largely to an era of prosperity, and today announced in his annual report that the value of the spurious notes and coins circulated during the year was \$35,000, the lowest since 1907. Counterfeits during 1911 totalled \$49,000, exclusive of \$156,000 in foreign currency, while the high record year was 1910 when more than half a million dollars worth of imitations were seized by the department. There were 324 counterfeiters arrested during the year, while the record of 1911 was 430.

Of these 344 were Americans; New York headed the list of states with 49 counterfeiters, followed by Illinois and Pennsylvania for second place with 33.

**THE TEMPERATURE.**  
The temperature for Thursday, according to G. H. Hall, weather observer at Alexander, was, maximum 50 and minimum 41. A rainfall of 1.47 inches was recorded.

**NOT FOR AN EMERGENCY.**

Campaign for Anti-Tuberculosis Society Is for Making the Organization a Permanent One.

Some have the idea that the solicitation for new members and support for the Morgan County Anti-Tuberculosis society is only to bridge the society over a period of a few months, and that at the end of that time will have ceased. This campaign that is now being carried on with such success is not for an emergency, however, but it is for making the society a permanent institution in this city and to prepare for greater things for the benefit of the residents of the community, possibly to school inspection and a county sanatorium.

Although the smaller city contains no tenement houses, nevertheless the housing conditions are not always what they should be and the same conditions are to be met as those in a larger city, on a smaller scale. Nearly every community in the state has some sort of an institution to meet the conditions and it is the hope of those in charge of the local society that in a short time Morgan county can boast of being among that number. That the local residents realize that the free clinic has been doing a great deal of good in this city is shown from the way that they are responding in the present campaign. A large number of subscriptions have been received and are being received daily. Last Sunday, which was given over to the subject of the prevention and cure of tuberculosis all over the country, a number of sermons on the subject were delivered from the local pulpits and as a result a large number subscribed as members of the Morgan county society. In some of the churches the observance was postponed until next Sunday, and those who neglected or were prevented from making a subscription last Sunday, will have an opportunity to do so Sunday, or at any other time they may wish to do so.

**PROCEEDINGS DISMISSED.**  
Chicago, Oct. 31.—The habeas corpus proceeding brought to free Newton C. Dougherty, the former superintendent of schools at Peoria, Ill., who, after serving six years in Joliet penitentiary for embezzlement and forgery, was re-indicted and arrested on new charges, was dismissed today. Dougherty yesterday provided a \$12,000 bond for his release at Peoria.

**ADVANCE NOT UNREASONABLE.**  
Washington, Oct. 31.—The interstate commerce commission today approved proposed increases in the freight rates on lumber from the southeastern parts of the United States to Cairo, Ill., and St. Louis, Mo. The commission held the advances, which were suspended, not unreasonable, and directed that they become effective on November 15.

## HALLOWE'EN WAS WIDELY OBSERVED

Young People of City and Country Make Merry at Various Parties Held.

Although the evening was stormy, Halloween was observed by the young people in an appropriate manner. A large number of parties were held both in the city and in the country and it was a merry time for all. On account of the stormy night, the police had little to do in seeing that no marauders were abroad, as the youngsters all stayed in doors. The following are a few of the many parties held:

President and Mrs. C. H. Rammelkamp were guests of honor at a Halloween party given by the young ladies in Academy hall Thursday evening. The young men and women assembled with masks on and these were laid aside after the grand march, lead by Miss Mabel Hess and Carl Lukeman, had ended. The gathering took place in Recital hall, which was made attractive by the Halloween decorations. Fortunes were told and games in keeping with the event were played. During the serving of refreshments, Miss Nathalie Jensen favored the guests with several violin selections and the time to depart came all too soon.

Misses Jessie and Hattie Vasconcellos entertained a number of friends at their home on East College street, at a Halloween party Thursday evening. The decorations were in keeping with Halloween and games of an interesting and amusing kind were played. Delightful refreshments were served.

Mrs. Henry Young entertained a company of 15 little folks at a Halloween party Thursday evening at her home in Alexander. The decorations were in keeping with the occasion and the evening was very pleasant spent in playing games. During the evening delicious refreshments were served.

A Halloween dance was enjoyed at Beerups hall in Alexander by a company of young people Wednesday evening. A very enjoyable dancing program was given and the evening proved most pleasant.

The members of the Epworth League of the Methodist church at Murrayville gave a masquerade Halloween party Thursday evening in the basement of the church, which was largely attended. Various games were played and during the hours refreshments were served.

Miss Geneva Arthur entertained the pupils of the Sherman school at a Halloween party Thursday evening at her home north of the city. Games and music furnished amusement for the evening and prizes were awarded to Miss Ruth Ferguson and Frank Taylor. During the evening refreshments were served.

**Masquerade Party.**  
Miss Mabel Swearingen of South Jacksonville gave a delightful masquerade party Wednesday evening in honor of her cousins, Misses Imogene and Matilda Stuart of St. Louis. The force at the Epworth Company Drygoods store attended and a right merry time was enjoyed by every one present. Music formed a prominent feature of the occasion while the costumes were original and worth provoking.

Amusing contests were also enjoyed. Mrs. A. H. Coffman won the prize for finding the pumpkin seed with 13 written on it and Miss Mary Wagner won the medal for carrying the most peanuts on a knife blade. The entire affair was a fine success and much enjoyed by all the guests.

A number of young people enjoyed a Halloween party at the Country club Thursday evening. Miss Margaret Carleton of Cleveland and Miss Mary Harwell of Nashville, Tenn., being the guests of honor. Various Halloween stunts were put on and the merry makers enjoyed a roast supper. In every way the occasion was a happy one.

Mrs. E. J. Howells entertained a company of 14 girls at a 6 o'clock Halloween dinner Thursday evening at her home on Sandusky street, for her daughter, Virginia Whitley. The home was very prettily decorated with black and orange crepe paper and an excellent three course dinner was served. For favors the little guests were given new baskets and miniature black tripods and kettles. After the dinner a very delightful social hour was enjoyed. Among those present were: Helen Adams, Dorothy Chipchase, Elise Capps, Beulah McMurphy, Esther Brown, Ruth Hillerby, Isabel Woodman, Margaret Reeve, Grace and Opal Marshall, Alma and Mildred Gibbs, Ursula Sawtell and John Whitley. Mrs. Howells was assisted by Mrs. T. L. Atkinson.

Master Ormand Yord of 526 South Diamond street entertained about twenty of his friends last night at a Halloween party. Halloween decorations were used and the evening was spent in playing various games. Music was also enjoyed and marshmallows were toasted. Delicious refreshments were served and all reported a happy time.

Dr. and Mrs. Carl E. Black were host and hostess at a Halloween party at their home Thursday night, in honor of Dr. and Mrs. George Stacey, who were recently married. Mrs. Stacey before her marriage was Miss Anna Ridgway, a graduate nurse of Passavant hospital, and a goodly number of graduated nurses and present officers and nurses of the hospital were among the guests present. The house looked most inviting with the Halloween decorations. In the dining room a witch's tent had been constructed and it was here that each one learned his or her future. After all had partaken of elegant refreshments the wedding cake was cut, which oc-

## GOOD RESOLUTIONS

Those that make for comfort, convenience and economy and are lived up to—such are the resolutions to install gas in the home, as a means for lighting, heating and cooking. Certainly no intelligent man or woman today would be without gas unless they were where it could not be secured. As a matter of fact, people in the country realize so fully its advantages that they have imitated it by installing acetylene plants, which are extremely costly. However, for the small sum of \$1.25 per room, you can have gas in your home. Why not see us today about this matter?

**A TIDIOUS RAIN.**  
About 11 o'clock Wednesday night, rain began to fall and continued coming down more or less all night and the greater part of Thursday and Thursday evening. The atmosphere was cold and disagreeable in sharp contrast with the delightful, balmy days we have been enjoying.  
The rain will be good for fall sown wheat and pastures but bad for corn that is down and there is a great deal that does not stand up.  
A number of farmers say corn is

slow in maturing and ripening sufficiently for cribbing as the cob is yet sappy and the best thing for that crop would be a pretty hard freeze.

### WITH SICK PEOPLE.

The 17-year-old son of H. H. DeGrote of the Litchberry neighborhood who has been sick with typhoid fever, is now somewhat improved.

## MISSIONARY SOCIETY IN ANNUAL SESSION

Interesting Program Carried Out by Methodist Women at Meredosia—Society Elects Officers For Ensuing Year.

The twenty-eighth annual meeting of the Woman's Foreign Missionary society of the Illinois conference of the M. E. church was held at Meredosia, Oct. 29 and 30, with a good attendance and deep interest in the exercises throughout.

### Tuesday Afternoon.

The exercises Tuesday afternoon were characterized by great interest and were of superior quality. The musical numbers were especially excellent and all else was of a high order.

### Evening.

In the evening Miss Winnifred Stout, a returned missionary from China, gave an account of the revolution in that land. It was a thrilling word picture of conditions in what was once known as the Flowery Kingdom and was heard with closest attention.

### Wednesday Morning.

Wednesday morning Mrs. M. M. Want of Homer talked on the theme, The Prophet on the Wall, and told of the duties of all who have at heart the work of the kingdom and tellingly illustrated the time honored hymn, "Watchman, Tell us of the night."

Mrs. J. W. Miller, wife of the pastor of Grace M. E. church, Jacksonville, spoke on the theme, Call to Prayer, and gave some fine advice and counsel and was followed by Mrs. J. J. Reeve of Jacksonville on increasing the membership of the society. She urged more devotion to the cause and greater consecration to the Master.

Miss E. G. Thornley of Ashland gave the annual report of the literature of the society and told what was being accomplished in that direction by the society. Miss Ida March of Jacksonville spoke on Systematic giving and the mite box plan and showed how much might be accomplished if all would give regularly and all they could.

Then followed a unique exercise, the singing of the hymn mentioned above, one part of the audience singing the first two lines of each stanza and the other part the last two. The hymn is in the form of a dialogue and the first stanza is given:

"Watchman. Tell us of the night.  
What the signs of promise are  
Traveler. O'er you mountain heights  
See that glory beaming star  
Watchman. Does its beaconous ray  
Aught of joy or peace foretell?  
Traveler. Lo it brings the day  
Promised day of Israel."

Mrs. R. E. Clark of Chicago thrilled the meeting with an account of the great gathering of the Christian world in Chicago in May for which both the Coliseum and Auditorium have been engaged for a month. It is intended to exemplify missions and mission work and for that purpose 2500 people are training and it is intended to have a grand pageant somewhat similar to the one in London and Boston. The study for the year is new China.

Mrs. Clark is also national superintendent of literature and inventor of the mystery box which is intended for question handed in and to be answered.

A friendly contest for subscriptions to the Woman's Friend and the Children's Friend, both auxiliary publications, was conducted by sides and something near 150 subscriptions were taken for each.

The last number on the forenoon program was a memorial service. During this Mrs. W. G. Lord of Greenfield softly played suitable music on the piano and each auxiliary was called on and a delegate responded with the names of any deceased

ones belonging to the society and touching tributes were paid to each one.

### Afternoon.

The first exercise Wednesday afternoon was the sacrament of the Lord's supper, at which District Superintendent F. A. McCarty presided, assisted by Rev. S. D. McIntoch, pastor of the Meredosia M. E. church, and Rev. G. A. Cox of Bluffs. This exercise was indeed solemn and of much interest and benefit to all.

An institute and business hour was conducted by Miss Sinclair of Springfield, conference secretary, who gave reports of general work and suggestions for improvement of the cause and its methods.

Mrs. A. B. Boyd of Carrollton gave an entertaining biography of Faber the great hymn writer.  
Mrs. R. E. Clark spoke on best methods of using literature.

Election of officers resulted as follows:

Mrs. W. G. Lord, Greenfield, president.

Mrs. R. A. Gates, Jacksonville, first vice-president.

Mrs. J. G. Neely, Beardstown, second vice-president.

Mrs. Samuel Darley, Durbin, recording secretary.

Mrs. Jacob Dohm, Greenfield, corresponding secretary.

Mrs. James Graham, Jacksonville, treasurer.

Miss Ida Marsh, Jacksonville, secretary of mite boxes.

Mrs. E. E. McKenzie, Beardstown, singing.

Miss Mary Naylor, White Hall, Sunday school.

Mrs. Edna Beebe, White Hall, assistant.

Miss E. G. Thornley, Ashland, secretary of literature.

Mrs. Josephine Spencer, Murrayville, lookout secretary.

Mrs. T. H. Rapp, Jacksonville, secretary Coleman fund.

### Evening.

In the evening a praise service was conducted by Mrs. Neely of Beardstown. Miss Lottie Hale of Meredosia favored the audience with a finely rendered piano solo.

Miss Winnifred Stout told of the mission work in China, exhibited many curios and gave a vivid description of the labors of the devoted ones who have gone to that land to tell the story of the gospel to those who never had heard it.

Grace church, Jacksonville, was chosen as the place of next meeting. The meeting closed with a quiet hour conducted by Miss Emma Kirby of Durbin and a beautiful solo by Miss Vella Oxley of Durbin.

## DENEEN WILL CARRY ILLINOIS

Chairman West, After Careful Canevass Finds Conditions Throughout State Favorable to Republicans.

Chicago, Oct. 31.—Governor Deneen will carry Illinois by 100,000, said Republican Chairman Roy O. West to day. "Our polls show that there is no doubt of the re-election of the governor. He will carry Cook county by a substantial plurality and his support in the state is based on such solid ground that there is no question whatever concerning the result. Voters express themselves as believing that Governor Deneen has not received a fair deal in view of the excellent record during his administration. The fact that Mr. Dunne was a failure as mayor of Chicago and that the people rejected him after a two years' trial, has been a handicap that the Democratic candidate could not overcome. Mr. Funk, the new party candidate, is unknown and his following is small because the large majority of the supporters of Colonel Roosevelt feel that the third party ticket was a mistake and that Mr. Funk stands no show whatever of election. They do not want Dunne for governor and they intend to take no chances of his election by voting for Mr. Funk. Added to this feeling concerning the state ticket, the Republicans have nominated an excellent county ticket in Cook county, which has not been attacked and it has the substantial endorsement of all believers in good government. Friends of the new party feel that the county and state government is their own affair and that they cannot afford to permit the efforts of a few misguided leaders and directors of the new party management to turn over the affairs of the county and the state to incompetents for the purpose of helping a national movement. The fact that many of the leaders of the new party were defeated for office themselves or are self seekers in the political field, has not helped the new party candidates. The great feature, however, which has determined the effect of the state and county new party tickets, has been the fact that they stand no show of election and the voters intend to make sure of the election of Governor Deneen and the rest of the Republican state and county tickets. Throughout Illinois there has been a steady increase in Republican party strength. Democratic farmers, who are well off, have expressed their satisfaction over present conditions and their intention of continuing them. Our people do not want four years of Wilson and Dunne. Governor Deneen is closing the campaign in Chicago and is speaking to large audiences. He has been given a cordial reception in every section of the state and the manifestations of friendship on the part of the people generally have been greater than in any of his previous campaigns. The publication of the party ballot by the committee of one hundred is having an excellent effect, with the indications that Cook county will give the governor a plurality that will be a most flattering endorsement of his record and his straight forward position in the present campaign.

Mrs. R. E. Clark spoke on best methods of using literature.

Election of officers resulted as follows:

Mrs. W. G. Lord, Greenfield, president.

Mrs. R. A. Gates, Jacksonville, first vice-president.

Mrs. James Graham, Jacksonville, treasurer.

Miss Ida Marsh, Jacksonville, secretary of mite boxes.

Mrs. E. E. McKenzie, Beardstown, singing.

Mrs. Edna Beebe, White Hall, assistant.

Miss E. G. Thornley, Ashland, secretary of literature.

Mrs. Josephine Spencer, Murrayville, lookout secretary.

Mrs. T. H. Rapp, Jacksonville, secretary Coleman fund.

In the evening a praise service was conducted by Mrs. Neely of Beardstown. Miss Lottie Hale of Meredosia favored the audience with a finely rendered piano solo.

Miss Winnifred Stout told of the mission work in China, exhibited many curios and gave a vivid description of the labors of the devoted ones who have gone to that land to tell the story of the gospel to those who never had heard it.

Grace church, Jacksonville, was chosen as the place of next meeting. The meeting closed with a quiet hour conducted by Miss Emma Kirby of Durbin and a beautiful solo by Miss Vella Oxley of Durbin.

## The Gold Dust Twins' Philosophy

NOW you have often said: "Oh dear, I dread when eating time comes near. It's not so much the cooking, grub, but cleaning after,"—there's the "rub." Each kitchen holds a mass of work, no tidy little wife should shirk.

The kitchen floor, the kitchen sink, the kitchen kettles and the pans, the silver, glass and cups and cans; wherever you may look, the toil means more than any kettles boil. To just "prepare" a meal is "fun," but work, with THAT is scarce "begun."

If those who stay up days and nights to win the cause of "Women's Rights" would only vote the GOLD DUST PLAN they soon would have the best of man. More time for comfort and for smiles; more time to play a woman's wiles, for once the GOLD DUST TWINS appear, Hard Labor's cry you never hear; frail woman is a queenly soul who plays the "Take-it-Easy" role. Each GOLD DUST package sets her free by bearing out its guarantee, and never more those household woes that every weary woman knows. Pile up the dishes as you will, the GOLD DUST TWINS will clean 'em still. Old floors and woodwork sinks and pans, turn out as Master Cleaner Plans. From sun to sun, and chore to chore, your tasks will fret you nevermore.

The Gold Dust Twins Make the Whole World Brighter

will clean 'em still. Old floors and woodwork sinks and pans, turn out as Master Cleaner Plans. From sun to sun, and chore to chore, your tasks will fret you nevermore.

**Girl Saves Family From Probable Asphyxiation**—Mary Louise, the 4-year-old daughter of Dr. and Mrs. J. B. Liston of Jacksonville, saved the entire family from probable asphyxiation last night when she aroused her father and told him she could not sleep on account of the peculiar odor. Earlier in the evening Dr. Liston had lighted the gas. After some time the flow became so weak that it went out. The lamps were lighted and after their evening meal the family retired for the night.

About 11 o'clock the little girl awakened her father, who, thinking the furnace was smoking, went down and examined it. He found it to be all right and again retired. A few hours afterward his little daughter again awakened him. He made a more thorough search this time, and going into the sitting room discovered the room filled with gas and a strong flow issuing from the jet. They had neglected to turn off the gas when the pressure got low.

**Child Burns to Death**—Mary Fisher, aged 6 years, was burned to death in a barn near her home, one and one-half miles east of Oloomi, while her mother, Mrs. Alma Fisher, stood before the barn with neighbors hearing the cries of the little one, but powerless to aid. No attempt to rescue the child could be made, as the door of the barn, the only exit, was engulfed in flames. The little girl, it was said, was playing with matches and thus set fire to the barn.

### THE MORTON SCHOOL

A Thriving Temple of Learning a Few Miles East of the City.

The last rural school visited by the Journal representative was the Morton, situated near the Wabash track, three miles east of the city. The call was one of pleasant events in a reporter's life and will be remembered for a long time.

The school building is well situated on sloping ground, well drained and in every way conducive to the welfare of the young seekers after knowledge. The lot is of ample size, but is almost devoid of suitable shade trees and it would be a good thing of the good people of the district would have a day or an afternoon set apart for the purpose of adding to the shade of the place. Forest trees can generally be had for the asking and there is hardly any reason why they should not be set out on such grounds as this.

The school building is in reasonable good condition, though a coat of paint will be a good thing in a short time. The fence about the premises could be replaced to good advantage, as it is not in very good repair.

The teacher, Miss Rose C. Sheehan, very kindly welcomed the caller and gave him a cordial welcome and the looks of the pupils also indicated that they were glad to have company. They were soon collected closely to gether in the front part of the room and ready to hear what the visitor had to tell them about lands far away and they were much interested in what he told them.

Right here it is suitable to give suitable credit. The writer had no more answers there than he has had anywhere else. Three boys recognized the picture of the lighthouse and explained its use, who was the great French general who wrought such havoc in Europe and died at St. Helena? What is the capital of Palestine? What land is lower down than the ocean? and several other questions were answered and while they failed to ask quite as many as the caller would have liked they did ask a number, for which all due credit will be given. They were very much interested in what was told them and showed a lively and intelligent appreciation of the talk.

The school house is well supplied with maps and charts, a library, cabinet organ, and Miss Sheehan said the directors were liberal in providing what was needed. On the wall were portraits of Washington and Lincoln and there is plenty of room for more and Miss Sheehan said they had money in the treasury which might be used for that purpose. The room is supplied with the modern school room heater.

### RULER FOR FIFTY YEARS.

Athens, Oct. 31.—King George of Greece, who again looms large in the public eye by reason of the war in southeastern Europe, today entered upon the 50th year of his reign. Next to the venerable emperor of Austria he is the oldest of the sovereigns of Europe. Born a prince of Denmark, he was proclaimed king of the Hellenes by the national assembly of Greece on March 30, 1863. He was then 17 years old. On October 30 of the same year he arrived in Athens and on the following day he took the oath and mounted the throne.

When the future king arrived in Athens, 49 years ago, he was welcomed by a little nation of a million people. He has more than two million subjects now, and Greece has progressed very creditably under his rulership. Though Greece has been overtaken by severe political storms during the past half century the throne of King George has never once been seriously threatened. No one doubts that the king has a genuine love for his adopted country and at the present moment, shares to the utmost degree the dream of every Greek of making the Aegean sea a Grecian lake, as it was in the palmy days of ancient Athens, and of seeing her flag float from the minarets of Constantinople on that day, which may not be far distant, when the Ottoman shall be expelled from Europe.

### FUNERAL NOTICES.

### MONETARY TENSION IN FINANCIAL MARKETS

Call Money Advances to 8½ Per Cent in Wall Street—Quotation is Highest Since January, 1910.

New York, Oct. 31.—Call money advanced to 8½ per cent in Wall street today owing to the heavy borrowings to meet the November 1 corporation and dividend payments, which will exceed \$125,000,000. Not all of that sum will be disbursed tomorrow, but the largest dividend payments will be made on that day. The out of town banks especially institutions in Chicago, Philadelphia and Boston were heavy lenders here. The quotation is the highest since January of 1910, when the rate fluctuated from 7 to 14 per cent.

Today's flurry was not unexpected inasmuch as the drain on local institutions throughout the week had been almost continuous. Interior banks have drawn heavily against their reserves here to meet crop requirements and clearing house banks have lost more than \$60,000,000 since last Friday. This is considerable in excess of the cash reserves so that a deficit in that item on Saturday is by no means unlikely.

All leading financial markets of the world are experiencing monetary tension just now. The bank of France today advanced its discount to 4 per cent, a rate not approached by that institution since our panic of 1907. Other prominent institutions abroad have advanced discounts recently, and this example has been followed by banks in Belgium, Sweden, Russia and the Orient.

Aside from the situation caused by the Balkan war, the huge speculations in Paris and Germany during the current year have made for a general condition of stringency seldom equalled in the last decade.

November disbursements here for interest and dividends are larger than in the corresponding period last year, a fact that adds to the strain on local banks.

### ON TRIAL FOR DOUBLE MURDER.

Shreveport, La., Oct. 31.—The details of one of the most diabolical murder plots ever executed in this section of the country are expected to be unraveled in the trial of Albert L. Watson which has commenced here. Watson and Mrs. Eva Walls Bailey are charged jointly with successfully plotting to murder the wife of the man and the husband of the woman in order that their own illicit love affair might end in marriage. C. C. Bailey, a wealthy lumber mill owner and husband of the woman defendant, was hacked to death with an ax in his home on the night of September 2 last. Watson, whose intimacy with Mrs. Bailey had already attracted attention, was immediately taken into custody. The next day he is said to have made a detailed confession of the crime to the authorities.

According to the alleged confession, Watson came to Louisiana in the early summer after having poisoned his wife in a Texas town. Some months previously, according to the confession, Watson and Mrs. Bailey had entered into a compact by which Watson was to poison his wife and Mrs. Bailey her husband. Watson did away with his wife without arousing suspicion, but repeated efforts by Mrs. Bailey, it is said, failed because she did not know how to administer the poison.

Watson came to Louisiana and obtained work in Bailey's mill. Bailey became suspicious and quarreled with his wife. This resulted in hurrying along the plot. Mrs. Bailey having again tried unsuccessfully to poison her husband, Watson crept into the house at night and, according to his statement, killed Bailey with an ax.

### INTERESTING CLIPPINGS.

James A. Grove left at the Journal office some clippings from papers published in South Africa.

One of them deplores the slaughter of wild game, as was evidenced in the display of carcasses of over a dozen Zwart wilde bestes. Even in that far away land men are unkind of the laws of decency and humanity, but the editor says they are probably making the most of their chance before the closing of the season.

Another clipping says a proclamation has been issued by the administrator establishing a three years' close season in the Sutherland division for springbok (except springbok actually emigrating). There is another somewhat lengthy article on the extermination of jackals, which do great harm to sheep. One man who had a successful contest with the pests was interviewed and recommended keeping hounds as the only sure and practicable way of getting rid of the evil. Rewards were offered for a time but men manufactured tails to imitate those of jackals and defrauded the state out of large sums.

One farmer gave his experience, which was successful. He had a large flock of sheep, and if he left a few out of the fold or kraal at night they would surely be killed. He said he procured a pack of hounds, a cross of a fox hound and a Norfolk lurcher and also a hound with a cross between a fox hound, and a Russian berzel, and in thirty months they killed 250 jackals.

The training of the packs was very essential, and it was indispensable to have with new dogs a well trained hound, which would teach the others in a short time. The value of a good hound was ten pounds, almost fifty dollars, and his life of usefulness would be about eight years if well cared for.

## Healthy Baby is Precious Blessing

To Make It Healthy and Keep It Healthy Use a Reliable Baby Laxative.

In spite of the greatest personal care and the most intelligent attention to diet babies and children will become constipated, and it is a fact that constipation and indigestion have wrecked many a young life. To start with a good digestive apparatus is to start life without handicap. But as we cannot all have perfect working bowels we must do the next best thing and acquire them, or train them to become healthy. This can be done by the use of a laxative—very highly recommended by a great many mothers. The remedy is called Dr. Caldwell's Syrup Pepsin and has been on the market for two generations. It can be bought conveniently at any drug store for fifty cents or one dollar a bottle, and those who are already convinced of its merits buy the dollar size.

Its mildness makes it the ideal medicine for children, and it is also very pleasant to the taste. It does not hide behind the name of a fruit or a vegetable and yet it is genuinely harmless. Very little of it is required and its frequent use does not cause it to lose its effect, as is the case with so many other remedies.

Thousands can testify to its merits in constipation, indigestion, biliousness, sick headaches, etc., among them reliable people like Mrs. Jennie Manuel, mother of Master Manuel, Altamont, Ill., and Mr. F. H. Hietter, Peoria, Ill. They keep it constantly in the house, for every member of the family can use it from infancy to old age. The users of Syrup Pepsin have learned to avoid cathartics, salt waters, pills and other harsh remedies, for they do but temporary good and are a shock to any delicate system.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address to a postal will do to Dr. W. B. Caldwell, 413 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

## GENERAL MARKET NEWS

### ARGENTINA CONDITION STRENGTHENS WHEAT

(By Associated Press.)  
Chicago, Oct. 31.—Too much rain  
in Argentina helped today to give the  
wheat market strength despite con-  
siderable pressure on the selling side.  
The close was steady with prices  
ranging from a shade off to 1/4c  
up. Corn scored a net gain of 1/4  
to 3/4c; oats declined a shade to 3/4c  
and provisions finished the same as  
last night to an increase of 26c.

Unexpected firmness at Liverpool  
was what turned wheat traders' at-  
tention to adverse crop conditions in  
Argentina.

Dispatches received here later told  
of excessive down pours there the last  
few days and said prospects were  
for additional rain throughout the  
country. After a moderate rise the  
market began to suffer from active  
selling due to beneficial snow or rain  
over the winter crop belt in the United  
States.

December fluctuated between 90c  
and 91c, with last sales 91c, a rise  
of 1/4c.

Export call for January and Feb-  
ruary shipments put firmness into  
corn at the window. Early the wet  
weather had given holders an ad-  
vantage which had been utilized to  
enable them to unload. December  
swung from 51 1/2 to 52 1/2c; closing  
steady 52 1/2c up to 52 3/4c.

Huge primary arrivals depressed  
oats. The effect was only in part  
overcome by liberal shipping and  
export sales.

December fluctuated between 32c  
and 31c, with the close a sixteenth  
down at 32c.

Active buying of provisions re-  
sulted from a belief that recent de-  
clines had liquidated the market.  
October pork made the best gain,  
25c.

### NEW YORK STOCKS.

New York, Oct. 31.—Foreign and  
domestic monetary conditions served  
to keep today's market in a state of  
apathy and general restraint. The  
undernote here for the greater part  
of the session was fairly steady, how-  
ever, some substantial additions to  
yesterday's state rally being estab-  
lished. In the final hour, however,  
prices fell away as money rose.

The precarious condition of the  
money situation abroad was exemplified  
in the advance of the French  
bank rate from 3 1/2 to 4 per cent, the  
highest figure quoted since the panic  
here in 1907. The weekly statement  
of the bank of France disclosed an  
increase of \$68,000,000 in discounts,  
due to the exigencies of the settle-  
ment now just concluded in Paris.

The action of the directors of the  
French institution made for nervous-  
ness here and in London. The show-  
ing of the bank of England was not  
of the most encouraging character,  
its liability reserves falling almost  
two per cent from last week and

### BOOSTER CLUB EXCURSION TODAY

Cars Will Leave Central Park at 1 O'clock—Woolen Mills, Car Shops and Bridge Works Will Be Visited.

In the life of residents of most every city innumerable instances occur where a man is unable to give information regarding the carrying on of industries and the many institutions of his city. That he does not care for them does not solve the problem, but it is more generally caused from the fact that he does not take time to visit the points of interest, merely because they are here and he figures that he can see them any time. Another reason is because they become so common in his every day life that he does not consider them points of interest. This is shown from the fact that the people residing in places where tourists visit often wonder what the people are spending so much time and money to visit their cities.

In an effort to give every one a chance to become acquainted more thoroughly with the various institutions of the city, the Young Men's Booster Club, which has recently been organized, has planned a trip which is called "Know Your City" excursion for this afternoon. Arrangements have been made whereby cars will be furnished and the trip will be absolutely free to any who wish to attend. The cars will leave Central Park at 1 o'clock this afternoon and the itinerary of the trip includes a visit to the Jacksonville Woolen Mills, Chicago, Peoria & St. Louis car shops and the Illinois Steel Bridge Company.

The club has appointed a committee of young men to visit the merchants of the city and induce them and their clerks to attend. This is the first undertaking of the kind or any other for that matter, that the club has taken in hand and they expect about three hundred to attend. They will gather in Central Park this afternoon at 1 o'clock and everybody interested is invited to attend.

### FUNK'S RECORD ON LOCAL OPTION.

It should be known by the local option voters of the state that Mr. Funk has no favorable record on local option, that on the only test that was had during his entire career as a member of the legislature—the dodged. That is to say, he was not present when the vote was taken, although he was present but a few moments before the vote was taken and voted on another proposition.

By consulting pages 1409 and 1410 of the Senate Journal of the forty-sixth general assembly, it will be seen that an effort was made by Senator Jandus, connected with the United Societies of Chicago, on behalf of the liquor interests, to secure a favorable report upon house bill No. 659, which was the bill to repeal the township local option law. Mr. Jandus, after presenting the resolution calling on the committee to report this bill, moved a suspension of the rules, which motion was lost by a vote of 23 to 13. Mr. Funk's name does not appear either among those voting in the affirmative or among those voting in the negative. In other words, he was not there, or if he was there, he did not vote. But the record shows (see page 1407) that Mr. Funk voted upon house bill No. 45, which came up for consideration but a few moments before the local option matter was voted on.

It must be true, therefore, that Mr. Funk was present down to the very crisis of the session of that day, when the local option question came to a focus. The contest was bitter, and the embarrassment to certain members of the senate was extreme. The fate of the township local option law was hanging in the balance, the repeal bill having already passed the house—and there was no excuse for absence on such an important occasion.

In his campaign for election as state senator in 1908, Mr. Funk pledged himself to support the township local option law, and then when the crucial test was had, Mr. Funk was absent.

During the session of 1911, when it appeared that there was a possibility of the county option bill coming to a hearing in the senate, the legislative representatives of the local option forces of the state endeavored to get an expression upon that question from every member of the senate. Mr. Funk among the others. Mr. Funk would not declare himself. The league then sought through its friends in the district to find out what Mr. Funk's attitude would be, but he refused to declare himself upon the county option issue to influential men of his own county and district. Anti-Saloon League of Illinois, by F. Scott McBride, Superintendent.

### TALKED IN FAVOR OF THE DEMOCRATS

Lieut. Governor McDermott of Kentucky Addressed Audience at Court House Thursday Night—Praises His Party's Record and Principles.

A good sized audience gathered at the court house last evening to hear Lieut. Gov. McDermott of Kentucky speak for the Democratic nominees. The gentleman was introduced by W. N. Hairgrove and spoke at length. A few extracts are given:

Is a Day of Isms. "The present day is noted for its isms and about the only one that has no popularity is rheumatism. The Republican party has done good. It was instrumental in freeing the slave and the south is glad of it. It brought about the resumption of specie payments and is entitled to credit for that, but all parties and countries have their day and outlive their usefulness and that is the case with the Republican party. I have no ill words for men; the three leading candidates for president are honorable persons, but I have a cause against the other parties.

"The platform of the Progressives has a lot of matter that can only be enacted by the states and not by congress. For years Roosevelt denounced Bryan and now has adopted a lot of his policies and he has taken the bandana, the emblem of that grand old Roman, Thurman of Ohio. If Roosevelt had secured the nomination at Chicago is any man foolish enough to suppose for even a moment that he would have refused? He would today be scouring the land and proclaiming the virtues of the party and the platform he now denounces. Taft is condemned for the evils of the tariff, yet in the seven years of Roosevelt's administration he did nothing to bring about any reduction. Why is Roosevelt so mad at Taft? Simply because Taft is in his way. Roosevelt meant all the time to be the candidate this year and because Taft has had the audacity to aspire to the place, Roosevelt cannot say enough against him. He had known Taft as well as a man could; had had him in his cabinet and was familiar with him; why has he so suddenly discovered that Taft is a bad man? He is simply in the way of that term which Roosevelt falsely said he would not take again.

Looking Toward 1916. "Roosevelt has no thought of being elected this year, but he is looking to 1916. He is good at dashing, but has not staying qualities. In 1904 he said reciprocity was a bully thing and it had been advocated by Blaine and other great men, but now that Taft favored it Roosevelt discovers it is very bad and asked why they passed it. Our government said the south should not secede, but when a little handful of men set up the government of Panama Roosevelt recognized it and played false to Colombo. He is a captivating man, but is dangerous. He has abilities and so did Caesar, Napoleon and many other who wrought great havoc.

"The great issue of the campaign is the tariff and it is time the people were getting their eyes open on that subject. In a trial one litigant called the other a liar and the latter retorted by calling the other an ass and the judge said as they had ascertained the position of each other the trial would proceed. The tariff is the mother of trusts. The Republicans pile up money wrong from the people in taxes and then extravagantly spend it. American goods are sold abroad cheaper than at home. Manufacturers get big protection and the employees get none of the benefits. Cleveland's administrations were notable for economy in glaring contrast with those of the men before and after him."

### QUEER BURGLARY AT WOODSON.

Thieves Break Into Home and Take Food, Leaving Valuables Behind.

Sometime between the hours of 7:30 and 10:30 o'clock Wednesday night burglars entered the residence of Allan Russell at Woodson, while the members of the family were away, and took a quantity of food. When the members of the family left the residence they securely locked the house and as it was locked when they returned they were at a loss to explain how the building was entered.

Among the articles taken from the house was a pocketknife, some bacon, 26 cents in money and a revolver. None of the silverware or jewelry was disturbed. The thieves also opened a suitcase which was in an automobile in front of the residence and took from it a loaf of bread, jar of preserves and a pound of butter. No clue has been found to the burglars.

### CITY MAKES ANSWER IN ONE WATER CASE

Sets Forth That Complaint Was Not Acting In Own Behalf, But For Water Company.

The answer of the city of Jacksonville in the suit brought some months ago by John A. Ayers against the city to stop the completion of work at the Widenham & Daub wells was filed Thursday by City Attorney Hairgrove and is as follows:

### Says Complainant Acts Alone.

This defendant, further answering denies that John A. Ayers is presenting his bill as acting for other residents and tax payers of the city of Jacksonville, but alleges the fact to be that John A. Ayers is filing his said bill of complaint as acting for himself and others associated with him in a supposed corporation.

Known as the Jacksonville Water Company, said supposed corporation being the owners by assignment of certain rights acquired under a certain franchise ordinance granted to Omar N. Gardner and Charles W. Mackey, the said supposed franchise rights, with the knowledge, consent and assistance of the said John A. Ayers thereto, in and by which said franchise ordinance so granted as aforesaid, the said Jacksonville Water Works Company, composed of John A. Ayers and others, would acquire the municipal water works of the city of Jacksonville of the value of more than three hundred thousand dollars (\$300,000.00) without any valuable consideration therefor and the bill filed herein of the said John A. Ayers was brought for the purpose of compelling the city, through lack of sufficient water to supply the inhabitants thereof and thereby to turn over to the Jacksonville Water Works Company the municipal water plant, the property of the said city of Jacksonville, under the said corruptly procured franchise ordinance owned by the supposed Jacksonville Water Works Company; and said suit as filed herein was brought for the purpose of embarrassing the defendant in the operation of its water plant and to prevent the citizens of the city of Jacksonville from having an adequate supply of water furnished to them by the city of Jacksonville's municipally owned water plant; and the said suit, and complaint herein, are brought for the sole and selfish purpose of benefitting the said John A. Ayers, complainant, and those associated with him in the Jacksonville Water Works Company, and not for the benefit of the tax payers of the said city of Jacksonville as in said bill alleged.

### Contract Price Not Excessive.

And this defendant further answering says: That the letting of the contract to American Well Works Company, in and by the bill of complaint herein referred to, was not fraudulent, as to the rights of any citizen of the city of Jacksonville; and that the contract price for said public improvement was not, largely, in excess of the real value of the work service and material furnished by the American Well Works Company, in the construction of said improvement.

And that by the letting of such improvement at the contract price, in the said bill mentioned, no citizen of the city of Jacksonville suffered as to taxes paid, or otherwise, but in fact the citizens of Jacksonville were thereby greatly benefited in receiving a sufficient supply of good water during the drought period of 1911 which they otherwise would not have had, except at the sacrifice of about \$300,000 worth of public property to be turned over to the Jacksonville Water Works Company and wholly lost to the city of Jacksonville and wholly acquired to the benefit of the complainant, John A. Ayers and others associated together, as an alleged corporation, under the name, and style of the Jacksonville Water Works Company.

### Work Done Before Bill Was Filed.

This defendant further answering says: That before the application for an injunction made by the complainant herein had been filed a large part of the work contemplated and referred to in the said bill of complaint, had been performed for the city of Jacksonville by the American Well Works Company and that before the matter reached a hearing the said work had been completed, and finished, by the American Well Works Company and received by the city of Jacksonville; and that the city of Jacksonville has long ago paid out the full amount of money required under the contract therein alleged to the American Well Works Company; and the defendant, the city of Jacksonville, acquired and used the water, pumps and other appliances of and by the said contract contemplated to the benefit and advantage of the defendant and the inhabitants and citizens of the said municipality.

And this defendant denies all and all manner of unlawful combination and confederacy, wherewith it is by the said bill charged, without this that there is any other matter, cause or thing in the complainant's said bill of complaint contained, material or necessary for this defendant to make answer unto and not herein answered, confessed, traversed and avoided or denied, is true to the knowledge or belief of this defendant; all of which matters and things this defendant is ready and willing to aver, maintain and prove, as this honorable court shall direct; and prays to be hence dismissed with its reasonable costs and charges in this behalf most wrongfully sustained.

Funeral services for Mrs. James Snyder were held Thursday afternoon at 2 o'clock at the Christian church in Franklin in the presence of a large assemblage of relatives and friends. The members of Mrs. Snyder's Sunday school class and the members of the Rebekahs attended in a body. The services were impressively conducted by Rev. J. E. Teany. Music was furnished by the Sunday school class and the flowers were cared for by Miss Hazel Hocking and Miss Ruth DeSilva of this city. Miss Etta Tranbarger of Franklin and Miss Mabel Snyder of Alexander.

Interment was made in the Franklin cemetery and the bearers were George Dodsworth, Leslie Dodsworth, Ernest Jones, Newton Calhoun, Scott Patterson and Clifford Story. Among those who attended from Alexander were Mrs. S. D. Beerup, Mrs. Claude Beerup, Mr. and Mrs. Clifford Strawn and Mr. and Mrs. Luther Wiley.

Clary.  
Relatives in the city received word Thursday morning announcing the death of John Clary, who passed away at the home of his daughter, Mrs. Andrew O'Day, in Kahoka, Mo., Thursday morning at 6:30 o'clock. Mr. Clary, with his wife, went to Kahoka for a visit with his daughter a month ago and a little more than a week ago he suffered a stroke of paralysis and for the past ten days his condition has been considered critical.

Mr. Clary was a son of Philip and Mary (Heffernan) Clary and was born in County Tipperary, Ireland, August 16, 1831. The family immigrated to this country March 25, 1840, and after a year's residence in Ohio removed to LaSalle county. The mother died in Ottawa in 1861 and the father at Odell on May 17, 1884. John Clary remained in LaSalle county until he attained the age of 24 years, when he went west and spent ten years in the mines of Montana. Returning to this city in 1865 he purchased a farm of 200 acres of land and followed the occupation of farming until June 2, 1904, when he purchased his valuable residence property on West Lafayette avenue, where he has lived in retirement since. Mr. Clary was very successful as a farmer and during his life acquired a considerable amount of valuable farm land. In politics Mr. Clary was a Democrat and has always been held in high esteem by his large circle of friends.

The deceased was married to Mary Killam, daughter of Samuel and Margaret Killam, and was the father of ten children, three of whom—Anna, Elizabeth and Zella—preceded the father in death. He is survived by his wife and the following children: John W. Samuel, Philip, Clara, Mrs. Edward Stevenson, Mary, Michael and Jeffrey. J. G. Reynolds went to Kahoka, Mo., Thursday evening and will bring the remains to this city this afternoon. Arrangements for the funeral will be announced later.

John Sullivan, the 14-year-old son of Mr. and Mrs. Martin Sullivan of 207 Allen avenue, died Thursday night at 7 o'clock of typhoid fever, at Our Savior's hospital. He had been ill for the past two weeks. He was a bright boy, industrious, and well liked by all who knew him. He was a student at the Parochial school. His death comes as a great blow to his family and they will have the sincere sympathy of many in this their deep bereavement. Beside his parents he is survived by two sisters, Mary and Clara Sullivan.

Funeral arrangements will be made later.

## COUNTRY CLUB

## WILL DISBAND

Well Known Organization Is to Surrender Charter—No Suitable Grounds Available.

The sale of personal property belonging to the Jacksonville Country club may be taken as an indication that the club is soon to go out of existence. A year ago the building was sold to M. E. Zichary, yesterday, the furnishings and fixtures were all disposed of and the next thing on the program will be the surrender of the club's charter. The meeting which led to the organization of the Jacksonville Country club was held June 28, 1899, at the Y. M. C. A. building. Thomas Worthington was chairman and H. H. Bancroft was the secretary. Twenty-eight persons were present and after some discussion it was decided that the organization should be the Jacksonville Country club and not merely a golf club, as it was at first intended. An organization committee was named, consisting of James T. King, Dr. A. L. Adams and J. H. Danks. F. M. Doan and J. E. Farback were named members of a committee on grounds and building. Three meetings were held in July, one or more in August and all were pushed along in such a way that plans for the club house were ready in September. Subsequently the plans for the club house were approved and the building was erected where it now stands.

With passing years the house was enlarged and the grounds were increased. The membership of course changed greatly from year to year, but from the first until the present time the Country club held an important place in Jacksonville. In 1909 the club was reorganized into a stock company. For months after the sale of the land where the club house stands the officers and directors searched for another suitable place for the club but as nothing entirely suitable was found it was determined to disband.

It is a matter of great regret that the Country club is to be an organization of the past. The beautiful grounds for years constituted one of the "show" spots of Jacksonville, and the club has done much for the betterment of the city, and members young and old have been benefited by golf, tennis and other healthful exercise on the club grounds.

## KIMMEL CLAIMANT FAILS TO PROVE HIS IDENTITY

Jury Returns Verdict in Favor of Mrs. Bonslett, Who Was Suing to Collect \$20,000 Insurance on Life of Her Brother.

St. Louis, Mo., Oct. 31.—The Kimmel claimant failed to prove his identity to the satisfaction of the jury for it tonight returned a verdict in favor of Mrs. Edna K. Bonslett, who was suing in the state district court to collect two \$10,000 insurance policies on the life of her brother, George A. Kimmel, who disappeared in Kansas City in 1898. Mrs. Bonslett was allowed \$20,450, including interest. The verdict was received tonight after the jurors had deliberated two hours.

The claimant, who had whiled away the time propounding mathematical questions to court deputies, smiled slightly and shrewdly walked from the court room.

This was the fourth trial of the case. Mrs. Bonslett was before given a favorable verdict in the United States circuit court, but lost on an appeal. Twice jurors failed to arrive at a conclusion.

Kimmel was a bank cashier in Arkansas City, Kansas. The claimant formerly was a prisoner in the Auburn, N. Y., penitentiary where he was known as Andrew J. (Turkey) White. He tried to prove his identity as Kimmel through recalling alleged former associates and incidents in Niles, Mich.

casioned no little amusement. A kitchen rush was also part of the program and after refreshments, all repaired to the parlor, where the gifts were presented. Dr. Black acted as spokesman and read the various verses included with the appropriate gifts, much to the delight of all present. Other amusements helped to pass away the time and each guest received a Halloween souvenir of the felicitous gathering.

A large number of neighbors enjoyed a Halloween party last night at the home of Mrs. L. H. Pratt on Caldwell street. All the guests came in children's costumes which was the occasion of much mirth. Progressive dominoes was part of the games played. Mrs. Clyde Martin winning first prize and Mrs. Robert Wakely the consolation prize. Light refreshments added pleasure to the evening.

Mrs. J. S. Hackett of 1404 South Main street gave a Halloween party Thursday evening in honor of her daughters, Misses Edna and Ruth. The home was elaborately decorated for the pleasure of the young folks, who had received unique invitations in the nature of poetry printed on paper tinted with pumpkin color. The guests were received at the door by Katherine Milburn, dressed as a ghost. The back parlor had been fitted up as a gipsy camp, where there were three booths, Misses Eleanor Masters, Maude Kennedy and Ida Braun being the gypsies, who told fortunes. Here was also found the camp fire, corn stalks, small trees and gay colors, making the decorations. On the second floor was the "Home of the Spirits," where ten ghosts held forth, the most conspicuous being Ruth Fitch and Katherine Milburn. Off of the hall on the second story was the "Lower Regions" with Gene Milburn acting as Satan. On the third floor were the witches' camps, the stairway leading here being decorated with all sorts of Halloween novelties and autumn foliage. Games, telling of fortunes, and amusing contests furnished pastime and the evening's fun closed by the serving of elaborate refreshments.

Halloween was duly observed by the students of the Woman's college Thursday night. The College Specials were in charge of the evening's program and it was indeed a time of merry-making. Each class put on a stunt in the college chapel. The Seniors and Juniors had a take-off on Registration Day in a Girls' Finishing School; the Sophomores, a Woman's Suffrage Convention; the Freshmen, the Fight of the Witches. There were fifty witches, having hats

six feet in height. The first and second year Academy students held a mock wedding, the third year Academy and Academy Specials gave American and German dances and the fourth year Academy the Fate of the Pumpkin. There was also a fortune telling booth, which was a favorite place with the students and the witches were found in the gymnasium. Fortunes were also told by dominoes, autumn leaves and the palmist came in for a share of those who portrayed the future. Halloween refreshments were served in the Domestic Science rooms and with all the young ladies spent a happy evening indeed.

The Knights of Columbus gave a Halloween euchre and dancing party Thursday evening in their hall on the north side of the square, which was largely attended. Prizes at euchre were won by Mrs. Albert Renner and James Coffee, after which dancing was enjoyed, music being furnished by Powers & Johnson's orchestra. The hall was very prettily decorated in keeping with the Halloween season and during the evening refreshments consisting of ice cream, cake and frappe, were served.

The members of a club which style themselves "The Jolly Ten," held a very delightful Halloween party Thursday evening at the residence of Mr. and Mrs. J. T. Wood, on East College avenue. One of the pleasing features of the evening was a five course luncheon, which consisted of a very elaborate menu.

Members of Caritas Rebekah lodge No. 625 enjoyed a Halloween party in the I. O. O. F. hall last night. All came dressed in costumes appropriate to the occasion, and Clark Rothwell received first prize for the best make up among the men and Miss Josephine Hargrove first prize for the ladies. Various games were played and a mock wedding was one of the features of the evening's program. Mr. and Mrs. George Hocking acted as bride and groom and Thomas Hughes was the minister. The fortune telling booth was in charge of Mrs. D. E. Herald and Miss Alice Miller was the queen. The hall looked inviting in the Halloween decorations and every moment of the time was thoroughly enjoyed. Halloween refreshments were served.

Miss Gladys Sargent of 412 South East street was hostess to a Halloween party last night. The decorations were in keeping with the day and all the guests came masked. Miss Mary Louise Newman received the prize for the best costume. The evening was spent in a social way.

various games being played and in the peanut contest Miss Esther Claus won the honors. Dainty refreshments were served. Miss Gertrude Leslie and Hugh Sargent of Mercedia were among the guests present.

Miss Fern Haigh gave a Halloween party Thursday night at her home, 135 Hardin avenue, the guests including the young ladies of the Clover Leaf Casualty company and a few other friends. All the guests came masked and were met at the door by the Ghost of Scrooge, who extended a very cold hand. This ghost was impersonated by Miss Nina Brown of Murrayville. The decorations were quite unique and in keeping with the event. Witches, black cats, corn stalks, autumn foliage, pumpkins, jack-o-lanterns were included in the Halloween attractions. In the living room was located the witch's tent, which was fixed up in a very real manner by the use of corn stalks. In the dining room yellow and white colors were used. Mrs. Joseph Estaque acted the part of fortune teller much to the delight of all and a table contained different articles, which told the young ladies of the many happy things which the future held in store for them. Music was also a part of the evening's program. Miss Ethel Anderson received the prize for guessing the greatest number of guests as they were masked. Refreshments in keeping with Halloween were served and in cutting the cake, which occasioned much mirth, the dime was secured by Miss Kathryn Ryan, the ring by Miss Ethel Anderson and the darning needle by Miss Louise Stranberg. Miss Haigh was assisted in entertaining by her sister, Mrs. H. L. Hall of Roodhouse and in every way the evening was a pleasant one.

Misses Beulah and Edna Carter entertained about thirty of their friends last night at a Halloween party, at their home on South Main street. The house was decorated in pumpkins, corn stalks and other Halloween articles. The evening was spent in playing various games and fortunes were told by Miss Beulah Carter. Refreshments in keeping with the occasion were served and the hours proved delightful. Misses Augusta Welch and Margaret Marden of Winchester were among the out-of-town guests present.

A Halloween party was given last night by Miss Agnes Keating at her home on South West street. The house was decorated in Halloween colors and the young folks had an evening of genuine fun. During the hours light refreshments were served.

HADLEY MENTIONED AS SHERMAN'S SUCCESSOR.  
Kansas City, Mo., Oct. 31.—The mere mention of a man's name by his friends as a possible candidate for such an office as the vice presidency is highly gratifying, but does not necessarily mean that he is a candidate," said Governor Hadley tonight in answer to the question whether he would accept the nomination as President Taft's running mate if it was offered him by the Republican national committee.

"I had rather not answer the question at this time," he said. "The meeting of the committee to fill the vacancy caused by the death of Vice President Sherman, is called for November 12, several days after the election. It may not be necessary for me to answer at all."

The governor is the guest of Republicans at a luncheon here today.

"HAD NOT AN ENEMY IN THE SENATE."  
Springfield, Ill., Oct. 31.—Senator Shelby M. Cullom today made the following statement regarding the death of Vice President Sherman: "I am greatly shocked by the announcement of the death of Vice President Sherman. He was a splendid man, strong in his convictions and never hesitated to do what he regarded as his duty. He was an exceedingly agreeable man and I do not think he had an enemy in the senate."

"I am very sorry on account of his death. Vice President Sherman's career in the house of representatives before he was elected vice president was a highly creditable one and won for him the position which was given him by the Republican national convention four years ago."

## WILSON RECEIVES GREAT OVATION IN NEW YORK

Democratic Candidate Is Cheered for One Hour and Three Minutes By Enthusiastic Supporters.

New York, Oct. 31.—Governor Woodrow Wilson, speaking tonight before an audience that filled every corner of Madison Square Garden, received the greatest ovation of his campaign for the presidency. Entering the hall at 9:11 o'clock after speaking before an enthusiastic audience in the Bronx the Democratic candidate stood for an hour and three minutes at the railing of the speakers platform, waiting for the demonstration to end.

It was 10:14 before he could begin his speech. "No man could fail to be moved by a demonstration such as we have witnessed tonight," he said with every evidence of deep feeling, as he finally was able to make himself heard, "yet I am the more thrilled because I realize it is a demonstration for a cause, and not for a man."

Governor Wilson had spoken but a few minutes, and was declaring that the progressive party, "wherever it could capture the regular Republican organization, was regular and wherever it could not, it was irregular," when a man in the middle aisle of the hall directly beneath the speaker's stand, shouted:

"Governor, talk about the Baltimore platform"

Cries of "put him out, put him out" came from all parts of the hall and three policemen seized the man and rushed him to a doorway. Governor Wilson leaned over the rail and added to the police:

"Don't put him out; don't put anybody out," but the man was ejected in a jiffy.

"It is inconvenient to have more than one man speak at a time, but this is a free country," Governor Wilson added amidst cheers from the crowd.

Governor Wilson will leave tomorrow morning for Rochester, where he is to address a night meeting.

## INJURED WHEN CAP EXPLODES.

ATLANTA, GA., OCT. 31.—Mrs. Fitzhugh Lee probably was fatally injured and her five small children painfully burned when a dynamite cap exploded in the mother's hands. The children clung to her as she stood close while she, thinking it was a discharged revolver cartridge, picked at it with a hatpin. The explosion resulted.

Mr. and Mrs. E. M. Ward have returned to their home in Canyon City, Colo., after a visit of two months with relatives and friends in the city.
